Comments on Letters Dualing with Unidentified Flying Objects SURJECT

PEFSHENCE: Name to Assistant Director/SI from Chief, ASD/SI, dated 4 April 1950, same subject

1. Najor Byrne's office (AFCEI) was contacted in regard to the release of the panel report to Mr. Davidson and Major Keyhoe. I was reserved to Major Tacker, Office of the Secretary of Air Force Information Service (SAFIE).

 In response to our query as to whether Air Force had any objection to our cassaring these latters enclosing a copy of the purel report, fajor tecker indicated that he had rather the CIA forward the latters to him with copies of the unclassified report and he will answer the letters. He stated that the Air Force is endeavoring to impress upon Hajor Asylor and others in a similar position, that his office is the proper place to come for such information.

3. In riew of my conversation with in Tecker, I called Frank Chaptilin the DOD's orfice and savised him that the ETP Pure and only perferred to answer the letters, but war nost insistant that they be paratited to answer them. He, therefore, is going to send the letters to Major Tacker and advise Mr. Devideon and Major Lepter to this action.

h. I think we can use this procedure as a precedent henceforth in all inquiries regarding UFO's.
